Editorial

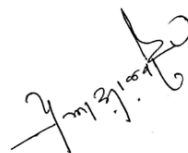

It is very pleasurable that AMALIT International Conference (Alliance for Multidisciplinary Academia Linkages in Innovation and Transformation) organized by Amal College of Advanced Studies, Nilambur, Kerala. It was a second edition of the International Conference that successfully completed on 23, 24 and 25 of January 2023. The main theme of this conference was “Towards Zero- For a Sustainable Tomorrow”.

Hon Principal Dr. Zacaria T. V. has taken a lot of effort for the success of this conference. I was present for this conference and I observed that all the faculty members and the colleagues of the Principal were working devotedly for the success of every academic activity like conferences and extracurricular activities of the college.

The main thing is that the entire students learning in this college who comes from the different communities, social stratifications and religions; they are living together, learning together, playing together very politely. They all are good listeners and learn integrately as patriotic responsible citizens of the nation.

I have observed that many activities are going on in the college every day. The credit behind the success of all the activities goes to the teachers who work by heart. The management of the college is also very harmonious.

The college gave us the opportunity to publish the research papers and articles in our journal. Best wishes on behalf of Indian Institute of Education for ongoing educational activities to continue in the Amal College of Advanced studies.
